# Sound Foundations Series

(Grade levels 1/2 - 1)

The Sound Foundations Series is carefully designed and written to serve the performance needs of the beginning band program. In addition to providing quality performance literature for your concert program, each title in the series provides an appropriate musical setting for the conductor/teacher to reinforce musical concepts and skills that have been addressed in the first year of instruction. Written at two grade levels (1/2 and 1), the Sound Foundations Series provides a variety of musical works that employ the note and rhythm sequence used in most band method books. The Sound Foundations Series is a sound fundamental approach laying the foundation for a sound future.

### Program Notes

The term "reign" is defined as dominating power or influence. As we begin our musical journey through the band, we take the first steps in exercising the power and influence of the universal language of music. We hope you enjoy our **Reign!**

### Notes to the Conductor

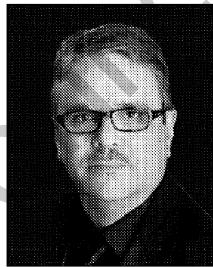

**Reign** was written for the beginning band as an opening fanfare appropriate for any concert setting. The opening measure in the percussion section should be regal and majestic! The brass statement that follows should be of equal strength and power. Although the band is in the early stages of their development, this is a wonderful opportunity for them to experience note shapes and their relation to style/communication. I would suggest singing the opening fanfare line to the band as much as possible!

The melody beginning at m. 19 should be stately. Although the dynamic level is softer, the power of the "reign" should still be implied. As the fanfare and stately melodies return throughout the piece, please remind the band to emotionally deliver the music accordingly.

I hope that you and the band enjoy the preparation of **Reign**. Best wishes for a wonderful performance!
