PROGRAM NOTES

In the days and weeks leading up to the big day, the elves are working overtime in the workshop in preparation for that very important sleigh ride that only comes once a year. But it can't be all work and no play! **Santa's Workshop Samba** portrays the hustle and bustle taking place as the final packages are wrapped, marked, and loaded in Santa's sleigh for their journey around the globe. Because the elves are a little mischievous, keep an ear out for several other holiday melodies woven throughout!

NOTES TO CONDUCTOR

There are multiple teaching and reinforcement opportunities throughout this piece. In terms of musical style, it is important to isolate each of the percussion parts, then layer them into the full samba groove. Separated marcato note lengths and syncopated rhythms are both critical to the appropriate style. Both of these concepts in particular will drive the composition. As the band becomes more and more comfortable, increase tempo while striving to maintain the same style throughout.

I hope you and your students find **Santa's Workshop Samba** to be a fun change of pace for your holiday concert. Have a great performance!
